One supplier for the items a project *can't wait for.*

QY Sino Supplier is a general order supply business on Jhang Road, Muzaffargarh. We source, quote and deliver the construction materials, industrial goods and site consumables that contractors, factories and institutions need to keep work moving.

We work from the buyer's list rather than a single product line. One purchase order can combine cement, steel and aggregates with pipes, electrical items, safety gear and camp supplies — we consolidate it, source each line from reliable manufacturers and distributors, and deliver to site with clear documentation.

Our position on the Jhang Road corridor gives direct reach to Multan, D.G. Khan, Layyah and the wider South Punjab region, and our sourcing network lets us serve sites further afield.

VISION

To grow into a trusted multi-category supplier for infrastructure, industrial and institutional projects across Pakistan.

MISSION

To turn every requirement list into on-time, on-spec deliveries at fair and transparent prices.

CORE VALUES

- Quality & reliability
- Timely delivery
- Transparent pricing
- Professional integrity
- Long-term partnerships

SUPPLY CATEGORIES

01 Cement & Steel	**02 Stone & Aggregates**
03 Road Materials	**04 Pavers & Kerb Stone**
05 Bricks, Blocks & Scaffolding	**06 Piping Solutions**
